

UNITED STATES DISTRICT COURT
NORTHERN DISTRICT OF CALIFORNIA

RAUL ESCARCEGA,
Petitioner,

No. C 06-3693 SI (pr)

ORDER

v.

BEN CURRY, warden,
Respondent.

Petitioner's request for a certificate of appealability is DISMISSED as unnecessary. (Docket # 17.) A state prisoner challenging the parole board's administrative decision to deny his request for parole does not need such a certificate to appeal. See Rosas v. Nielsen, 428 F.3d 1229, 1232 (9th Cir. 2005). Plaintiff's "motion of objections for the court order denying the petition" is DENIED; petitioner may assert the arguments in that motion in his appeal. (Docket # 16.) The clerk shall process the appeal.

IT IS SO ORDERED.

DATED: March 22, 2010
